Visual Effects Artist: Jeremy Brown

Objective: I am interested in creating, manipulating and organizing digital visual information in efficient and creative ways. I am constantly searching for ways to bridge the gap between artists and the technology we use every day.

Qualifications:

- Feature film visual effects compositing.
- Extensive feature film and commercial rotoscoping and paint experience.
- Professional and academic experience producing short computer animated films

Personal Qualities:

- **Passionate:** I am motivated by a love for the field of media production.
- **Technically Mindful:** I am always mindful of the way information moves from acquisition to distribution, preserving quality and efficiency throughout.
- **Creative:** I pride myself on finding creative solutions to technical problems, as well as technical solutions to creative problems.
-
